1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert W. Strozier on June 22, 2006, wherein it was pointed out by the examiner that on page 16 of applicant's response, under REMARKS, applicant's attorney failed to indicate which "example" of the specification was being referred to; whereupon it was agreed that applicant was specifically referring to Example 7. It was further pointed out that the steps/limitations of claims 21, 28, 35 and 41 had essentially been incorporated into their respective independent claims, e.g., claim 20 by applicant's response. It was then agreed to cancel these claims by examiner's amendment, and further amend the subsequent claims dependent thereupon, e.g., claim 22, to, instead, be dependent upon their respective independent claims, e.g., claim 20.

The application has been amended as follows:

Claims 1-19 and 45-47 to the non-elected invention have been cancelled.

Claims 21, 28, 35 and 41 have been cancelled.

In claim 22, line 1, "21" has been changed to -- 20 -- .

In claim 29, line 1, "28" has been changed to -- 27 -- .

In claim 36, line 1, "35" has been changed to -- 34 -- .

In claim 40, line 1, "41" has been changed to -- 40 -- .
